Little Miss Belle Glade Selected

Photo by Aschell

DIG THAT CRAZY VICTORY SMILE! Judy Ann Sullivan, daughter of Mr. and Mrs. Ray Sullivan, South Bay, was crowned Little Miss Belle Glade last Friday night by last year's winner, Valerie White. Other winners (L-R) are Penny Waters, South Bay, Debbie Levy and Alice Lamb.

Two, three, four and five-year-olds. Little Miss Belle Glade was selected Friday at Belle Glade High School in the annual contest sponsored by the school's Future Homemakers of America chapter, according to Mrs. Hazel Litchfield, their sponsor. Proceeds from the contest financed the chapter's trip to their state convention April 2-4. Forty-five young ladies entered the contest in four divisions.

B. Elliott's Portrait Unveiled As Legislature Honors Ex-Speakers

Former Speakers of the Florida House of Representatives were honored April 7 at convening of the 1959 Legislature. B. Elliott, Pahokee, former Palm Beach County legislator and 55th Speaker, was honored in a speech by Representative Edmund S. Roberts, Belle Glade. The text of that speech: "The next portrait about to be unveiled is that of the 55th person who has presided as Speaker over this great body since Florida was admitted to Statehood in 1845. I, therefore stand before you with a warm feeling of personal pride that I have been accorded the honor to participate in one of the outstanding moments in the history of our State. As these portraits are unveiled, the pages of time are unfolding before us, bringing to memory the many historic decisions that occurred during the terms of the distinguished service these gentlemen have rendered our State. The great progress our State has made and its position today in these United States stand as a everlasting testimony to their leadership. This gentleman was a native son of Texas, having seen the light of day on March 13, 1892, in Bell Falls, Texas, the son of Jiles Benton Elliott and Mattie Lou Allen. He moved to Florida in 1921, stopping briefly in Bradenton and then settling in Pahokee, Florida, Palm Beach County, in 1922. For many years he was engaged in the automobile business as well as being extremely active in the civic work of his community. During this time he served several terms as Chairman of the Town Council. He and his lovely wife, Velva, are the parents of four fine children, three boys and a girl, Patzy, B. Jr., Ronnie and Wayne. He was first elected to participate in the Florida House of Representatives in 1945 from Palm Beach County and served this body and the citizens of Florida for five consecutive terms. "In 1951, the members of the House of Representatives honored him and the citizens of Palm Beach County by electing him as their Speaker, the only man to have served in this capacity in the history of Palm Beach County. SEVERAL HUNDRED swimmers and officials, at West Palm Beach, will participate in the sixth annual Glades Harvest Corn Contest April 24 at Belle Glade High School auditorium. Before this week's deadline, according to Junior Chamber of Commerce officials who sponsor the event. This year's coronation ball, which follows the selection, will feature the music of Dean Hudson and his Orchestra at Belle Glade armory. The maestro is a Lake Worth boy who hit the musical trail and his 12-piece orchestra has been well-received in numerous engagements throughout the state. A weekend trip to Nassau for two again tops this year's list of prizes for the winner. The queen and second and third place winners also receive clothes and luggage as well as bracelets for all participants from Glades merchants. Admission to the contest will be \$1 for adults and 50 cents for children, or a ticket to the dance for \$10 will admit the bearer to the contest free. A corrected list of contestants and sponsors was not available for this deadline. The names of contestants will be found on page three of this issue.

Roberts Pledges To Hold Line On Taxes And Budget

Palm Beach County Representative Emmett Roberts said at Tallahassee this week that his committee on appropriations is still fighting, and will continue to fight, to hold the tax and appropriations line at \$700,000,000 for the next two years.

Rep. Roberts is chairman of the appropriations sub-committee studying the budgets of State Cabinet Offices, including the Governor, Treasurer, Controller, Secretary of State, Agriculture Department, Attorney General and Supt. of Education.

The committee has been in daily sessions. Roberts said he hopes to see an appropriations measure clear the Legislature (Continued on Page Eight)

Some Vegetable Prices Up This Week Might Be Peak

Shipping records fell for the third straight week in the Glades area as the heaviest produce carlot equivalent movement of the year left the Glades area. Harvesters have not yet felt the effects of cooler weather and above normal winds in yields and quality.

The heavier movement was accompanied by price jumps on several items. Last Monday's movement was 292, 17 more than a week ago, and yellow corn made up 99 carlot equivalents of that figure while 42 were cabbage and 30 were beans.

This season's rail movement to date is 509 cars behind the 56-57 season. The 56-57 season at this time of year was some 1,800 cars behind the 55-56 season.

Over 100 Attend Library Opening

More than 100 persons called between 3 and 5 p. m. Sunday at the open house held at the new Belle Glade City Library next to Police Station in observance of National Library Week and to view the new set-up, expressing pleased admiration of the enlarged and attractive building. Potted plants and arrangement of flowers in various pastel shades, were placed around the room. The lace covered refreshment table held an arrangement of Garden Flowers, crystal punch bowl and plates of cookies. Mrs. Hecmar Harris was in charge of refreshments assisted by other members of the library board. Souvenir plastic leather book-marks were presented by Mr. X. Beta Sigma Chapter of Beta Sigma Phi Sorority.

At 4:15 Mrs. Herbert D. Beck, board chairman, presented a brief program. Mrs. Bettie Harris, librarian, welcomed the guests and invited them to make frequent use of the books. Dr. J. Leighton Scott, vice-president of the Ministerial Association of Broward and Dade Counties, Mayor R. W. Lanier expressed the need and value of adequate facilities to the community. Teachers' Assn. Meets Saturday

Palm Beach County Teachers' Assn. will hold its monthly executive board meeting Saturday morning at Belle Glade High School auditorium. About 80 members in addition to visitors from Glades area schools will attend, according to BGHS Principal Pol Morris.

Following the business meeting the local Classroom Teachers' Assn. will serve a luncheon prepared by the teaching personnel of Belle Glade Schools. The reception will be held in the gymnasium and Mrs. Doris Binkley, the high school Glades Club under the direction of Miss Lillian Olsen will furnish music during intermission and lunch.

Luther Jones, Herald Publisher and RDB president, will present a short talk about the Glades following luncheon.

Dr. Ames and Dr. Wilkerson conducted tour of school plant plus a field trip to selected vegetable growing and packing areas, and they will be presented individual packages of samples.

Faculties Select Their Top Teacher Judges Pick Mrs. Close As Winner

Mrs. Alice Close, Belle Glade Elementary second grade teacher, has been selected as the state-wide competition for the title, Teacher of the Year. The selection was made as part of a Junior Chamber of Commerce promotion to bring more prestige to the teaching profession and encourage young people to enter teaching profession.

Mrs. Close was selected Monday by a panel of judges from the three candidates who had been chosen to enter teaching profession. The selection was made from the Junior Chamber of Commerce who will supervise the selection of a state-wide winner sometime in May.

In honor of Mrs. Close and the two other contestants a dinner will be held at Belle Glade Municipal Country Club Tuesday night in a joint meeting of Junior Chamber of Commerce and the Junior Chamber of Commerce who will supervise the selection of a state-wide winner sometime in May.

Mrs. Edrie Maxwell, third grade teacher at Belle Glade School, and Wayne K. Fortenberry, head of the business department at Belle Glade High School, had been selected by their school faculties to represent their schools with the

Man Gives Police Little Headache

A 71-year-old Negro was fined \$10 in Belle Glade Municipal Court Saturday after he entered a guilty plea to petty larceny from a store.

The list of items taken from a Nix Candy truck included four boxes of headache powders, cigars and a case of aspirin. If he didn't have a headache, he's got one now.

Williams took a good supply of a number of other items. (Continued On Page 8)

D. C. T. Banquet Is Held At Pahokee

The Pahokee High School D. C. T. Employer-Employee Banquet was held Friday, Apr. 10 at 8 p. m. at Canal Point Community Center to honor D. C. T. employers, and is an annual expression of thanks to business and industry within a community offering job training to co-operating Pahokee High School students, according to James L. Turner, D. C. T. coordinator.

Boyd Vorhees was chairman of the meeting. Mrs. Florence Keen was emcee. Principal speaker was Curtis A. Chase, district manager for Florida Power & Light Co., who talked about "What the D. C. T. program means to the Pahokee community."

The D. C. T. student deserves a better knowledge of economics and personality development, Chase pointed out, as a result of rubbing elbows with true life situations. He is a better student during his training, because he needs to know things, and seeks out his knowledge during his time in school.

Any school program, Chase went on, which develops the individual employee is beneficial to the employer, and it goes without saying that it benefits the employer and the employee and is of great help to the local community.

Pahokee High Principal Brooks Henderson said D. C. T. has broadened the curriculum and has been stimulating to many students.

Guests at the meeting included Henry Earwood, school board member, and Russell Haring, county trustee, Kenneth Johnson, county director of vocational education, Kyle Scott, assistant Pahokee principal.

Mrs. Johnson, Mrs. Harrington, and Mrs. Scott were also present, as well as several Pahokee and Canal Point service clubs.

Announcement was made of the next meeting, which will be held at the home of Mrs. Junius Harris Friday, a. m.

The speaker demonstrated several designs of floral art and pointed out the difference between regular floral arrangements for the home and church arrangements.

Mrs. L. F. Strayer, chairman presided during the business session.

WHO'S WHO IN THE GLADES AREA

THIS SECTION DEALING WITH OUTSTANDING CITIZENS OF THE GLADES AREA IS AN ATTEMPT TO SET DOWN IN PRINT THE POSITIONS THESE CITIZENS OCCUPY IN THE EYES OF THEIR NEIGHBORS. NO ONE WROTE HIMSELF IN THIS SECTION. MATERIAL WAS GATHERED BY BOB AND BILL BULLARD AS THEY FOUND CONDITIONS.

Grace Waldren

A successful business is most often based on honest, cheerful, and efficient service to the public and in making this statement the person we have in mind, Mrs. Grace Waldren manager of H. C. Pence & Son at 259 N. W. Ave. A courteous and service rendered by this hardware store is a pleasure to all who enter it. Mrs. Waldren is a native of this area and has been in the hardware business for many years.

Business establishments such as this have done much to make this a good all-around trade center, and it is fitting that we extend congratulations to Mrs. Waldren who is the guiding influence behind the successful operation of the business. Grace has earned her success by the method in which she has accepted both civic and business responsibilities and we are sure that with the high standard that has been set for all H. C. Pence Co. Stores they will continue to prosper in this Section.

Marlan Chapman

Mr. Marlan Chapman, vice-president and manager of Chapman and Sons, Produce Growers at 1008 Railroad Ave. is to be commended for his high code of ethics for business relations. His desire to serve his fellow man and his participation in civic and community responsibilities. In these days of "sharp trading" such ideals deserve prominent mention. His business, which with care and hard work, is successful largely because of Marlan's careful attention to detail and his popularity in the community reflects his friendly disposition that has gone far in making his "pat" to almost every customer.

With Belle Glades business men playing such an important part in the Glades area's development we are fortunate to have Mr. Marlan Chapman in the trade area but to add his congeniality in helping draw people from many miles around.

We wish him as Vice President and Manager of Chapman and Sons years of success.

Bill Gressinger

Bob Gressinger
Paul Gressinger
Jim Gressinger

In compiling this review of progressive people, we have endeavored to select those citizens who by the manner in which they have conducted themselves and the activities in which they are engaged, have earned for themselves positions of leadership in their various fields. Four such people are Bill, Bob, Paul and Jim Gressinger of William Gressinger and Sons, Produce at 915 N. W. 9 they are well known and have many friends throughout the entire district.

The Gressingers' activities have not been solely confined to their own business but have also included their contributions in one way or another, to those of a civic nature and have come within the scope of their activities.

Their experience, plus the fact that they gladly give expert opinion on produce merits more than passing attention and the writer is privileged to pay this brief tribute to these persons who deserve much credit for their part in the development of Belle Glade from a good business standpoint.

Toby Gay

Alice Larrick
The progress of any community hinges to a great extent upon the activities of the more progressive people in the world of business. This is true in Belle Glade as in any other sector and local leaders are thus to be congratulated for their part in the general advancement of this section. Two of the more progressive business people of Belle Glade are Toby Gay and Alice Larrick of Larrick Photo Shop at 116 S. W. 3. They are widely known and universally liked.

Few have such a thorough knowledge of every phase of photography. To say that they know the business from A to Z is in no way an overstatement. The honesty which has always characterized every transaction, has gained for them the respect and good will of the many people with whom they do business.

All this plus pleasing personalities is responsible for their past success and we believe will bring them more success.

Joseph M. Alderman

Those men, who from a better business standpoint, have been leaders in the growth and development of this section of the state, deserve prominent mention in this review. It is a privilege to place Mr. Joseph M. Alderman of Glades Mercantile Co., at 213 Lake Ave., Pahokee featuring furniture, bedding, floor coverings, appliances as well as venetian blinds, on an equal plane with all others in this rank. Few men have exceeded him in furthering business activity in this section or contributing of their time and energy to the onward progress of Pahokee and surrounding area.

Mr. Alderman, having earned the reputation of being one of the more successful business men in this area, still retains that distinction in the admiration and respect of his wide circle of customers who have had time to find out how well his merchandise holds up. We wish Joseph Alderman and Glades Mercantile Co., luck in the future.

Grady Edwards

Grady Edwards
We wish in this edition to pay tribute to Mr. and Mrs. Grady Edwards of Your Food Store at 257 Ave. A, Belle Glade. They are to be commended for their splendid record of achievements.

Grady and Grady probably have as wide a circle of friends as any other people we could name. They are just naturally the kind of people who make friends and always conduct themselves in such a manner as to deserve the respect and goodwill of all who know them. Belle Glade is fortunate in being able to name among its more progressive business people citizens of this type. The respect they receive among their business associates and the success of Your Food Store speaks for itself. They have found that quality products, fair prices and honest business dealings are found at this establishment.

They may be depended upon in civic affairs and we consider them an asset to the city and progressive business people whom the section may be proud.

D. W. Hunter

To serve the public honestly, efficiently and cheerfully is the basic foundation many progressive businessmen of Pahokee have found to be the shortest route to success.

In making this statement, one of the men we have in mind is Mr. D. W. Hunter of S. D. Ice and Fuel Co., on The Farmers Market Rd.

The popularity and patronage enjoyed by him accentuates the ideals of courtesy and good service which he has consistently applied in the management of the business.

The conduct of such business has done much to make the town folks happy as well as the out-of-town folks and make this section a more progressive community that will attract even more trade as well as permanent residents.

In line with this progressive trend, Bud has proved that he is an expert with a thorough knowledge of the requirements of his many customers in the Sod Service.

He is an encouraging example of success gained through the proper use of everyday opportunities. He has every reason to be proud of the success he has achieved and the Belle Glade area has every reason to be proud of this man and his Sod Service.

Jack E. Torrance

Generally speaking, civic pride is one of those things that goes hand-in-hand with success because a person must have been successful as a business man to appreciate the advantages that were afforded him by the community in which he does business.

Mr. Jack Torrance, Produce Broker at 833 N. W. 9, is one of those men who have made Belle Glade who has shown his appreciation for his success by his active participation in civic matters.

His willingness to be a cog in the wheel of community progress, whenever the effort is needed to put over some move on a project advanced for the good of the city, has been taken for granted.

Mr. Torrance's quiet assumption of responsibility, not only in connection with his Produce Brokerage, but in regard to other matters as well has often lent a feeling of confidence to others and we compliment him on his high standing in the community.

Charlie Echols

It is a privilege in this review of progressive men that have been a great aid to the growth and development of the Glades area from a business standpoint to place Mr. Charlie Echols, owner of Echols Electric and Plumbing at 400 S. E. 1, Belle Glade, on an equal plane with all others in this rank.

Having earned the reputation of being one of the more successful electrical and plumbing contractors of this area he still retains that distinction in the admiration and respect of his wide circle of friends and customers, who have had time to find out how his work holds up. He is also to be commended for his interest in, and the very valuable assistance he has always so successfully applied to civic affairs both in Belle Glade and Pahokee.

Mr. Echols will save you money by giving you work that will look better and last longer. We are looking forward to this same good service to the people of this area for many years to come.

Jim Crews

Business people in a city the size of Pahokee must adhere here to certain standards of conduct if they are to maintain "growing" business. This set of standards can only be based on the quality of Mr. Jim Crews of Foodland Market at 120 E. Main.

Mr. Crews seems to realize that his success is due to the people who patronize his market and is ever ready to show his appreciation to them in any way possible. That is, by giving a customer and making a friend.

Another step toward progress is the code by which business is carried on there.

Jim's business practices are not what make him a "must" in this review, however. They are but an added feature. In listing the assets of Pahokee business people such as Jim should be included, for through his contributions of time and money, many worthwhile civic projects have come into being.

For a bigger and better trade center, we recommend a few more business establishments such as Foodland Market, and a few more business people like Jim Crews.

Bud Weekley

Proud of Belle Glade a leader in business circles, and standing high in the esteem of his fellow citizens, is Mr. Bud Weekley of Bud's Sod.

Such qualities as these make it imperative for certain business people to be included in this review.

With this section growing steadily every year, it becomes more and more important for the business people of this section to keep open minds for new ideas to better their own section a more progressive community that will attract even more trade as well as permanent residents.

In line with this progressive trend, Bud has proved that he is an expert with a thorough knowledge of the requirements of his many customers in the Sod Service.

He is an encouraging example of success gained through the proper use of everyday opportunities. He has every reason to be proud of the success he has achieved and the Belle Glade area has every reason to be proud of this man and his Sod Service.

Edward Marlowe

Belle Glade's economic rate of advancement has outpaced the nation as a whole since World War II. This is reflected by bank deposits, wholesale and retail sales, etc. To pace the growth pattern in the area, Mr. Edward Marlowe is constantly expanding the facilities of the Marlowe Produce Co., Inc., on N. W. 12.

Also realizing that important part of the community is the citizen who is a business man is equally only by his value as a good citizen.

Regardless of the rate of Belle Glade's growth, success as measured with men such as Jim Marlowe ever alert to the changing times and ever ready to make his business and service to comply with the increased customer.

J. R. Faulk

Belle Glade has become prominent as a produce center where friendliness, courtesy and good will prevail. It is fitting that we accord a word of praise for the business people, who by the manner in which they conduct their businesses, have gained this reputation for their city.

Mr. R. Faulk, Produce Broker at 840 N. W. 9, by fulfilling the responsibilities of a good neighbor, has made a substantial contribution to the area's welfare and progress. The success of his business dealings can be measured in human terms - how well they fulfill its obligations to customer and community.

In civic movements, Mr. Faulk believing in "nothing ventured, nothing gained" has ever been ready to become a part of any plan for community advancement. He is willing to write off outmoded methods, as they have outlived their usefulness, and has made him a key for his business and for the section.

E. C. Cowart

The ability and energy of Mr. E. C. Cowart is doing much for the advancement of C. & W. Spraying Co., an aerial fruit and vegetable sprayer, and therefore for the community. The complete spraying service he renders is most valuable to the city. It is the good fortune of this section that his business was established.

It is hard to top in effectiveness and achievement in this business. Mr. Cowart has a great deal of knowledge of this business and by devoting much time to the management of it, he has been able to overcome difficulties that would have discouraged most men. The large patronage extended this business proves the efficiency of its operation and its popularity in this section.

E. C. Cowart a president and tireless worker for this section, has shown an unselfish devotion to the community interest.

M. E. Tyson

Any community that is to grow and prosper must have businessmen who will aid in civic activities and who will keep their standards high. The Belle Glade area has more than its share of people of this type and is fast becoming known as an up-to-date section. One of this section's citizens who has always kept his standards high and who never fails to lend a hand when it comes his turn to help with community activities is Mr. M. E. Tyson, Ranch Manager of Florida Babcock Co., Citrus ranch on Palm Beach Rd.

Mr. Tyson's upright business methods plus his willingness to aid in civic affairs as a method of showing his appreciation for the success of Florida Babcock Co.

As a business leader, some become known as leaders in their fields, some become known as leaders in the business and civic life of the community. M. E. Tyson on becoming known as a leader in both.

Taft N. Brent

Mr. Taft N. Brent has attained a well earned position in the business and civic life of this section and we deem it a pleasure to point out that position in this review.

During the time he has operated Brent Produce Inc., at 833 N. W. 9 he has become well known for his success and we wish for him and Brent Produce many years of continued prosperity.

TEEN TOWN TALK

We had a good crowd at Teen Town both Friday and Saturday night. At Teen Town thanks goes out to the following chap-
 erones: Mrs. Jack Rashley, Mrs. C. L. Todd, Mrs. Frank Anderson, Mrs. Beulah Stone, Mrs. Mary Raulerson, Mr. and Mrs. Ward, Mrs. Pat Brent and Mrs. Helen Rabin.

The teenagers who went to Miami to appear on WPST-TV were Sherry Mixson and Ed Humphries, Jean Brown and Charles Lutz, Pat Anderson and Kenny Archer, Ronnie McWhorter and Stevie Kaufman, Wayne Roman and Nancy Fieles.

We were proud of our teenagers and they made a good showing for Belle Glade with Jean Brown and Charles Lutz walking off with first prize in a pop contest. We have been invited to send five couples from Teen Town to Ten's Bandstand every weekend. Lots of teenagers want to go down and we are eager to see different ones go down, but our problem is transportation. If some of you mothers would like to go, please let me know and I'm sure you'll enjoy the show. Joni Jammy was guest star last week, and Dick Clark is going to be down soon.

The teenagers had a meeting Monday night and the following was decided:
 On Friday nights you may wear blue jeans and bermuda or slim jeans, and on Saturday nights we will have dress night and wear dresses and Ivy Lea, gue of khaki pants.

Teen Town will sponsor De-
 maris DeBryne for Harvest Queen.

Next week: We'll give the de-
 tails on our Mr. and Miss Teen Town contest and also word about our special dance.

Miss Baker Wins Playhouse Award

Miss Beverly Baker, daughter of Dr. and Mrs. Thomas P. Baker of this city, was presented the Paul Crabtree award for the most outstanding contribution to Roarian Academy's 1959 dramatic production, "The Perils of Pinocchio," which was on at the Royal Poinciana Playhouse, Palm Beach Friday through Sunday.

The play with more than 150 students of the Academy was acclaimed an outstanding, glittering and picturesque performance. Miss Baker a senior at the Academy won an award last year as the wicked old step-mother in "Cinderella." This year her fine performance was "Madame Pudda," puppet show complete with Harlequin and Columbine representing two of the earlier comedy and pantomime characters in history.

Delta Gamma Sorority Honors Miss Parson

Jo Margaret Parson, Junior at FSU, daughter of Mr. and Mrs. L. P. Parson of Belle Glade was presented a scholarship ring for having the highest scholastic average for the past semester, of the 12 members of The Delta Gamma Sorority.

She is an education major and ranked 1101 point being on the Dean's list.

Life Membership Given Mrs. Jones

A life membership in the Florida Federation of Garden Clubs was presented to Mrs. Luther Jones, awarded at the 33rd annual convention held at Jacksonville last week.

The membership was recom-
 mended and presented by the Garden Study Club of Belle Glade in recognition of out-
 standing work in the club and also with the Junior Garden Club.

Mrs. Jones is an active church-
 worker and civic and commu-
 nity leader as well as in Garden Club work. She is past presi-
 dent of the Woman's Club of Belle Glade, past president of the Parent-Teachers Association, past president of the Belle Garden Club and is president of the Garden Study Club.

Among other offices held she was former treasurer for the Florida Council of Flower Show Judges District 10 and is presently vice director. She is a member of the Bougainvillea Circle of West Palm Beach Garden Club, Inc. and is a National Accredited Flower Show judge having earned this honor and judged in many flower shows over the state, in the past six years.

Mrs. Jones was instrumental in organizing the first junior garden club and put on the first junior flower show in the city. She has also served for many years on the flower committee or as chairman of the First Baptist Church.

Scout Troop 621 Attends Camporee

The Scouts of Troop 621 spent April 11th and 12th at Camp TanahKeeta where they participated in the Council Camporee. The boys found a full schedule waiting for them when they arrived in camp Saturday morning. A check-in inspection by the Camporee Officials they packed their gear to their campsite and set up camp.

After lunch they competed in field events with about 30 other Troops, capping the afternoon off with a swim. The evening was spent around the Council Campfire where songs were sung and skits were put on by various Troops. (621 included). Sunday morning activities began with Sun-Rise Services with balance of morning devoted to breakfast, breaking camp and being officially checked out of camp.

Those attending were: Cobra Patrol, Robbie Parrish, Clyde Widener, Dale Anderson, Bobby Kunkel, Jerry Odum, Victor Riedel, Woodman Patrol, Marilyn Fehling, Danny Lanier, Bobby Gressinger, John Bamford and George Towell. Senior Patrol Leaders Tommy Close and Eddie Whitlock, Scoutmasters R. H. Lewis and C. E. Haines, Troop Committee Chairman E. D. Rainbow Silver Tea Has Large Attendance

The home of Miss Marilyn Matthews, worthy advisor, was the setting for the Annual Silver Tea of the Order of Rainbow on Sunday afternoon from 3 to 5 o'clock. Over 100 guests called during the afternoon and were greeted by Miss Matthews and other members of the Order. The tea table laid with a lace cloth was centered with an arrangement of spring flowers with a silver coffee, and tea service and punch bowl completing the decor. Punch, coffee, tea, sandwiches and cookies were served. Donations were placed in the 'pot of gold' on a satin cloth in rainbow colors.

Stolen Whiskey Found In Glades

Investigation continues at Belle Glade and West Palm Beach into the facts surrounding a breaking and entering at a whiskey store in the coastal city Friday night. Approximately 20 cases of whiskey which is said to be part of the haul was recovered in an apartment building at Belle Glade Saturday.

The Sheriff's Department Glades highway patrol stopped a Negro subject and called the sheriff's office to learn of the stolen whiskey. West Palm Beach police and the sheriff's office questioned the subject. According to Deputy Sheriff Bobby Newman this Negro, whose name was not available to Newman, will be charged with entering Northwood Liquors, and others are expected to be charged.

Saturday Sheriff John Kirk, two officers from his office along with Deputy Newman, Belle Glade Police Sergeant Louis Lowery and Sgt. McCann, West Palm Beach policeman, discovered some of the stolen whiskey at the Old Folks Juke, an apartment building on S. W. 6th St., and Ave. C Place at Belle Glade.

It was learned that the stolen whiskey had been allegedly sold to Corinne Neal who operates a bar on S. W. Ave. B between 5th and 6th St. The whiskey was being rebottled in half-pints from their original fifth containers.

The Sheriff has charged Corinne Neal, Sam Neal and Maria Johnson here with receiving stolen goods. About \$500 worth of liquor was allegedly sold for \$100.

Highway Safety Laws Told Jay-Cettes

Mickey Harris and Mary Frances Cooper were cohostesses to the meeting of the Jay-Cettes at the home of the former Tuesday night April 14. Trooper Hodges, safety officer, from West Palm Beach office of the Florida Highway Patrol gave the program on the nine proposed laws to be presented to the legislature concerning highway safety. A question period followed with Trooper Hodges and Trooper Russell of Belle Glade answering the questions. Announcement was made of the next meeting at the home of Jean Lee on April 28.

MAYOR R. W. LANIER cuts the ribbon while Francis and Slick beam with satisfaction, for the two Iowa country boys have travelled far and up since "the good ole days" in the Corn State, Preacher U. W. Malcolm (White hair) asked the blessing and guidance of the Divine One on the two local boys and their business as well as the citizenship practiced by them. The Brass of Sinclair and Goodyear were on hand to lend dignity and moral support to these two successful distributors of their products. Leo Simonda, district manager, for Goodyear was sartorially correct as a representative of his world-wide establishment. F. J. Fisher, district manager of Sinclair, was caught in less formal dress, as he was brought away from his participation in serving refreshments for the crowd gathered.

Agent Named As Bureau Opens Office At BG

Walter J. Kautz, President of Everglades Farm Bureau, announced today the appointment of Carl E. Waggoner as Service Agent and the opening of the Everglades Farm Bureau offices in the Elsbury Building on South Main St., at Belle Glade.

Kautz said Waggoner comes to Everglades Farm Bureau from Sarasota County Farm Bureau where he has served for two years.

The Everglades Farm Bureau Board of Directors are proud of the accomplishments of Farm Bureau and are happy to extend these new services to meet the demand of the growing Farm Bureau membership.

Coffee For Gray Ladies Slated Wednesday A. M.

The Gray Ladies of Belle Glade Memorial Hospital will meet at a coffee at the home of Mrs. Glenn M. Smith, 649 S. 4th St., Wednesday April 22 at 10 a. m.

Mrs. Otis Hayes, chairman, announces that any ladies in the community interested in the Gray Ladies and their work are invited to attend the meeting.

B. Elliott's Portrait (Continued from Page One)

"It is significant to note that his service included the post-war crucial years which marked the beginning of Florida's unprecedented growth. The major decisions and the role leadership he participated in are too numerous to list in this biography. However, history will record his sponsorship of such major legislation as the Flood Control Bill and the Minimum Foundation Program.

"His distinguished career in the legislature was highlighted by his strong economy stand. He has often said that it is just as important to defend bad legislation as the passage of good legislation.

"Truly his term of distinguished service as Speaker was most outstanding and contributed immeasurably to the progress of our beloved State. "I know that the people of Florida are tremendously proud to see the recognition being given this outstanding citizen of Palm Beach County, and the State of Florida and proud that a place of honor will be forever maintained in this great Commonwealth to our State's unselving and his family, and ask that they stand while the Sergeant-at-Arms unveils his portrait."

District Rebekah Meet Held Here

After the tour Danny Harris treated the group. Those on the trip were Larry Keeler, Reed White, Wayne Corbin, Bryant Price, Danny Davis, Ted Wing, Gene Kicklighter also Diane Keeler and Mrs. Keeler.

Pahokee Golfer Makes Hole-in-one

Lloyd Hundley of Pahokee recorded his first hole in one at the Belle Glade Golf Course Thursday, April 9. His shot with a No. 5 iron went in the cup on No. 7 three par 165 yard hole.

The shot was witnessed by Louis Gold and Sam McKinstry of Pahokee. Hundley has been playing golf for about three years, and this was his first hole in one. His score for the nine holes was 38, three over par for the course.

BG FSES Payment Second Smallest In Florida

For the first time mid-1957 payments to jobless workers in March dropped below the same month of the prior year. In January Chairman James T. Vocelle reported this week.

The most recent figures, for last week, shows the unemployment insurance claims level to be lower than at any time since the beginning of 1953, Vocelle said. "This is most heartening evidence yet that we have licked the recession," he added.

Belle Glade's FSES office is one of 28 reporting increases in payments to jobless workers in March; however, the Belle Glade figure was the second smallest in the state with \$2,885 up \$703.

library and her efforts in improving it.

Mrs. J. F. Browne, retired city librarian was also thanked for her highly service in promoting and maintaining the library sponsored by the Woman's Club from 1929 for about 20 years.

Mrs. Beck on behalf of the Library Board thanked the members of the city commission for making the improvements possible by granting the use of the building and funds necessary for modernization.

Also given warm thanks was W. L. Cunningham, city inspector, for his supervision of the re-modeling as well as for his own work on the project.

Mrs. Dorothy Hansen, Florida Library consultant from Tallahassee, gave a brief talk on the importance of library service and congratulated the people of Belle Glade area. The chairman presented other members of the library board, Mrs. Ball, Mrs. Close, Mrs. G. R. Townsend, City Manager, C. B. Palmadige, Robert Mathews and Junius Harris.

Out of town guests were Miss Zella Adams, head librarian, West Palm Beach Library; Miss Hansen, Tallahassee; Miss Ruth Shockley, Mrs. Neil Scullen, West Palm Beach; Mrs. Mary S. Park and Mrs. G. A. Von Clewiston Librarian.

Regular library hours are being observed at the new location on W. Canal St. and the public is invited to use its free book service.

several times. Two fire trucks, one Fire Chief and Assistant Chief in the station pickup truck screamed to the scene as well as 18 volunteer firemen.

The woman greeted the scene with a "What-have-I-done attitude." At best, it was a good fight. Everyone from the fire department went home; however, when the right apartment, the police, got there, the fight had ceased. The woman wasn't charged with turning in a false alarm because she hadn't said "Fire."

The fire department also had legitimate calls during the past week. Children left an oil stove burning Apr. 9 which caused a small fire when they left the building at 632 W. Ave. A. Damage was slight to the building owned by Faye Green.

A fire truck investigated a reported fire Apr. 9 just outside the south city limits; however, it was discovered to be a cane field burning.

For some unknown reason an overstuffed chair in a vacant home owned by R. L. Murray at 111 N. W. Ave. C caught fire, but firemen stopped the blaze.

things, too, from the delivery truck parked on S. W. 4th St. The truck driver, Boddie Rhymes, Okeechobee, saw Williams and demanded Williams return the goods.

Williams refused and went to his room followed by BODDIE. D. B. Mathis Mathis got soaked before Williams agreed to accompany Mathis to the station.

Williams told I. D. Officer George Farnall he'd been in Belle Glade jail before, but after Farnall searched all available records, Williams remembered that jail he'd been in before was the Tampa jail.

The whole matter was quite a headache for everyone concerned.

Necessity may be the mother of invention at times, but it is just the mother of hard work to most of us.

Nature seldom makes a fool. She merely furnishes the raw material for a do-it-yourself job.

which will "hold the line without cutting into essential services."

Representative Roberts expressed regret at losing the 1959 Legislative Caucus to Pensacola, and cited the "unfortunate and untimely announcement of a suit in Lower East Coast Courts on reappointment" as a factor in the House of Representatives' decision to meet next year in Pensacola.

The Palm Beach delegation is presently studying some 120 local bills, for preparation and introduction, probably starting this week.

Most of them are non-controversial measures on which advertising requirements have been fulfilled.

Rep. Roberts said some obvious confusion has arisen over the report of an interim committee studying educational problems. He said some curtailment of adult education may result, but "I do not believe vocational training of an essential nature will be affected."

Roberts said the session will last about a week, and invited "my constituents to contact me on any problems."

CROWNED 1959 QUEEN — Miss Iris Blum, crowned 1959 Queen by Miss Sonia Figueroa, winner of last year's crown. Runners were Miss Janet and Miss Marilyn Morrow. The girls took place at the Annual Rainbow Dance held at the high school cafeteria, Saturday night.

The Annual Order of Rainbow Dance attracted a large number of the younger set Saturday night at the school cafeteria which was decorated with palms and streamers of crepe paper in rainbow colors.

Miss Betty Howard presided at the crowning of Miss Iris Blum 9th grader as 1959 queen. The crown this year was a new adjustable one in the seven colors of the rainbow. Herman Close one of the chaperones was the announcer, and the queen was crowned by Miss Sonia Figueroa, last year's queen.

Miss Betty Howard presided at the refreshment table, covered with green and yellow crepe paper and centered with a crystal punch bowl, flanked with green and yellow candles. Punch and cookies were served.

The boys and girls enjoyed dancing to musical recordings from a hi-fi set and pictures and moving pictures were made. Chaperones were Herman Close, Mrs. Mary Schleicher, mother advisor, and Mr. and Mrs. Henry P. Ruffolo.

Young Women Can Join The Marines

You don't have to be a man to be a Marine.

Enlistments in the U. S. Marine Corps are now open to young women between the ages of 18 and 30 for a period of two years.

Candidates must be single and high school graduates.

Standards to be accepted as a Woman Marine are very exacting. Part of the Corps' selectivity regarding the admission of Marines stems from the fact that only 2,500 women are authorized to serve in the Marine Corps.

Meanwhile, in cooperation with education and high school officials, the Marine Corps has announced the continuation of a recruitment program to guarantee June graduation and a diploma to seniors before going on active duty.

This program, open to both young men and young women, called the "120 day delay" program, authorizes a maximum delay of four months between the time of enlistment and the date to report for active duty. This will insure their going on active duty on a specific date of their choice regardless of the limited quotas of the future due to manpower cutbacks ordered by the Defense Department, and will allow time for all the graduation activities.

Anyone interested in further details can get them by writing to Marine Corps Recruiting Station, Post Office Box 1205, West Palm Beach.

Mr. Marques: "Wanda, when did Shakespeare die?"
Wanda M. Heavens: "I didn't even know he was sick."

Mr. Morie: "Russell, what do moths eat?"
Russell B.: "Nothing, they eat holes."

Mr. Fortenberry: "Linda, your nails look awful. Don't you ever file them?"
Linda R.: "No, I just cut them off and throw 'em away. I got no use for them."

Mrs. Langworthy: "Everyday we breathe oxygen, Ronnie, what do we breathe at night?"
Ronnie H.: "Nitrogen."

Bette N.: "Mr. Maynor, a tramp came up to me on the street yesterday and told me that he hadn't had a bite in two weeks."
Mr. Maynor: "What did you do?"
Bette: "I bit him!"

dustry, the Seminole Life, in 1954, with his first debit in West Palm Beach.

Following a period spent in Orlando building a district, J. C. Sims was named to West Palm Beach, as District Manager in 1957. This district has grown in size and has come to be one of the prize districts of the company. So, when the Glades area was added to his territory, he was named to it.

This addition gives J. C. twenty-two men, which is the largest district group of the company, and at present it represents almost half of the company's active agents.

Being a Glades product, and having sharpened his abilities in other areas, he is proud to come back home — three times a week — to show folks what a Glades boy can do with Glades folks, in selling a Glades-owned and operated insurance company.

J. C. is a member of the board of directors of the company and has an enviable record of production as a manager.

It is anticipated that along with expansion plans of the company, the Glades area, and as one, will furnish a mark for other to aim at.

Engineers Say No Shortage Of Water In FCD

Heavy showers during the last few weeks have eliminated any threat of a water shortage in southern Florida this spring. Army Engineers in Jacksonville reported today.

Prior to the rains, water levels in the Kissimmee Basin, Lake Okeechobee, and the Everglades conservation areas were below the desirable level for this time of year. However, the rains and increased inflow into Lake Okeechobee have caused the water level in the big lake to rise about 0.7 foot and the lake is now at a stage of about 14.1 feet.

Showers over Conservation Area No. 3 in Broward County, plus increased inflow through Spillway No. 1 near Andytown, and the water pumped through Pumping Station No. 9 at the junction of North New River and South New River Canals have increased water levels in the Everglades.

Higher water levels should help to prevent fish kills in Conservation Area No. 3 and reduce the fire hazard which develops when the muck soils are allowed to dry out.

Although Lake Okeechobee is at a desirable stage for this season, said Colonel Paul D. Troxler, District Engineer, "moderate releases may be required during April and May so that the lake will be at the desired elevation prior to the hurricane season. The regulation schedule for Lake Okeechobee requires releases to be made if the stage is above 14.1 feet on 15 April, 1959 and 13.5 feet on 15 May."

Troxler said that the releases required to maintain the lake at the scheduled elevation will be made through the agricultural canals, the Caloosahatchee River, and the St. Lucie Canal.

Releases will be commenced early in April and will be continued as long as the lake is above the scheduled elevations.

"Until the rainfall is above normal during the next few months, releases through the St. Lucie Canal and Caloosahatchee River will be at a moderate rate which should improve the snook fishing below St. Lucie and Okeechobee Dams," concluded the District Engineer.

Vauxhall Ranks High Among Import Sales

Pontiac Motor Division's small car import, the British-built Vauxhall Victor, ranked number six among new foreign car registrations in the United States for the year 1958.

During 1958 Vauxhall sales totaled 17,912, making it the sixth largest seller among foreign imports, said F. V. Bridgman, general sales manager.

Vauxhalls are marked in this country by Pontiac dealers who offer the four-cylinder car in four-door sedan and station wagon models.

Vauxhall was first introduced in the U. S. by Pontiac in September of 1957. Since then it has witnessed a steady growth in popularity.

extension from SR 80 to Airport Road has not begun, as originally announced; however, the county is in the process of securing the final pieces of right-of-way, according to County Commissioner Paul Rardin, Canal Point, who said work should begin soon after completion of the legal work.

Lake Shore Drive Rardin also announced that bids for construction of Lake Shore Drive at Canal Point, a 6-mile project extending south from US 441 bridge, would be opened at Tampa Apr. 22. The county has authorized Rardin and Commissioner Roy Michael to attend the SRD meeting on that date.

Some people are willing to lend a hand if they think they have a chance of borrowing two later.

Summertime . . .

The time of carefree days, vacations, putting away of school books is just around the corner. For many young people, however, summer means a chance to work in order to resume their education or to start their life in the working world after graduating from school.

Employment . . .

While young people can be trained on a job as readily as adults, you will want to give special thought to the needs of the youth that you employ.

whether on a permanent basis or just for the summer. Keep in mind that information gained from limited, "teaser" jobs may provide them with valuable experience for more complicated jobs.

Your Young Workers . . .

Understand them; they are growing up, physically and mentally, are striving for independence and value their individuality. Teach them: Make them understand their own responsibilities when they take the value of enthusiasm. Respect them: Listen to their ideas, give them responsibility when they can take it, help them find and take advantage of opportunities for training and further education, promote them whatever you can.

Information . . .

Be informed about the young worker and the labor market. Take advantage of the services available through your Florida State Employment Service regarding the High School program and the summer-job program. Most important, give at least one young person a job this summer.

Highway accidents will diminish only when people use enough brain power to match the horsepower.

Upon completion of his training as an airport traffic controller, Malcolm will become one of the many highly trained FAA employees in the United States. This experienced team of FAA personnel in the tower, having air safety as their main concern, directs all aircraft landing or taking off from the field.

In announcing the new appointment, FAA Region Two Administrator L. C. Elliott said today at his headquarters in Fort Worth, "Malcolm has joined the new agency created by the Congress in 1958. The authoritative Federal Aviation Agency, in addition to encouraging and fostering the develop-

ment of civil aviation, has the task of modernizing the federal airways, directing air traffic control of both civil and military aircraft, allocating the diminishing airspace, and both issuing and enforcing air safety rules."

The Federal Aviation Agency (FAA) announced today the appointment of Edward L. Malcolm to begin training as an airport traffic controller. Malcolm, formerly of Belle Glade, has been assigned to Love Field Air Traffic Control Tower in Dallas, Texas.

Malcolm lives at Medallion Apartments, Annex Street, Dallas, with his twin brother, U. W. Malcolm, Jr. He is the son of the Rev. and Mrs. U. W. Malcolm of 17 N. W. Ave. B of this city.

Before joining the FAA, Malcolm graduated with a BA degree from Baylor University and served in the United States Air Force, as a control tower operator.

Describing Malcolm's duties, Lewis E. Enoch, Chief, Love Field Air Traffic Control Tower, said today, "As an airport traffic controller, Malcolm will undergo extensive training in the Love Field Air Traffic Control Tower. The trained

High School News In Belle Glade

Errors Hurt Rams As Trojans Win

Although Belle Glade's baseball team scored ten runs, one less than their six-game season total up to Friday, the need for more power on the mound spelled defeat as Lake Worth's Trojans won 19-10 in seven innings to paste the Rams with their sixth straight loss of the year. It was the seventh win in ten starts for the Trojans.

Catcher James Martin got two singles and a double to lead the Rams at the plate while Trojan Jack Ramsey led the winners with two homers and a single.

Belle Glade had a big-run second inning which chased starting hurler John Edwards. Denny Derringer came on, but the Rams followed their four straight passes with two doubles and a single.

In the third for Lake Worth brothers Jack and Ted Ramsey hit homers in succession and the score was 6-4. The Rams netted another run in their half of the third on a triple and two errors.

Lake Worth broke loose in the fourth with a single, an error, a double more errors, another homer by Jack Ramsey and a double for six runs.

Lake Worth added four more in the sixth, and Belle Glade also got three in the sixth on four hits and one error; however, the Trojans got two walks and a base hit relief pitcher Charles Lutz and coupled them with six Rams errors to score five more runs in the seventh.

Pompano Girls Win Loop Golf Tournament Sat.

Pompano girl golfers duplicated the results of the boys' Pompano High School team as the district links squad won the Suncoast Conference G.O.I. championship at Belle Glade Municipal Golf Course Saturday with a team score of 228.

Lake Worth, Ft. Pierce and Seacrest finished in that order. Two Pompano girls, Barbara Brown and Sara Jo Brown, finished as co-medalists for nine holes with 49.

In the championship flight for individual honors Miss Brown defeated Miss Brown in the finals to become individual champion.

Belle Glade Drops Its Last Track Meet Event

Seacrest, Stuart, Lake Worth and Belle Glade held a quadrangular track meet at Seacrest Apr. 8, the last seasonal competition for the Rams. The three teams proved too much for the Rams in the second round to score only two second-place victories and two third-place wins for the evening.

Lake Worth won with 72, Stuart second with 54, Seacrest third with 62 and Belle Glade athletes got 24 points.

Suncoast Conference Southern Division competition will be held Apr. 19 at Pompano. Sidney Pearce finished second behind Leighton of Stuart in the 440 yd. dash and Billy Lee was second in the shot put event. Belle Glade's relay team was third in the 400 yd. and third in the sprint relay.

PHS Wins Tourney Rams Close Season

The Tormentors of Pompano Beach High School took the Suncoast Conference golf tournament championship Apr. 10 for the second year in a row with a team score of 327.

Other team scores at the Seacrest meet were Melbourne 342, Stuart 344, Clewiston and Cocoa 354, Seacrest 363, Vero Beach and Belle Glade 364, Lake Worth 383 and Ft. Pierce 387.

Low man for Belle Glade was Charles Lockmiller with 88 for the 1-3 holes, Jerry McKee and Neal Livingston and Bill Vandlandingham with 98 each. Lockmiller qualified for individual flight but lost out with 88.

Dick Poston, who didn't play in the scoring tourneys, scored 97.

With the close of the golf season, Coach Bill Burke is already making plans for next season. He'll lose Livingston, McKee and Van Landingham this year at graduation. Lockmiller and Poston are the two remaining lettermen. Three more players will move up from the golf squad.

Old members are Richard LeFils, Alvin Schlechter, Renne Connell, Jackie Hooker, Ted Roman and Corky McKee.

2nd Grade Reporting

In one second grade the boys and girls are happy to welcome back Van Strickland, who was out of school four months with rheumatic fever. We are glad that our home-bound teacher, Mrs. Bamford, helped Van with his school work while he was away from our classroom. Mrs. Bamford has helped another second grader, David Wade, with his school work.

We received a nice letter from Judy Varnum, one of our former students who moved away. We were so glad to hear from her. Many of our boys and girls wrote letters to Judy.

We have almost finished our Community Unit and have made a model of Belle Glade in one of our rooms. It was fun to make and we enjoy having it.

We have had many good filmstrips about community helpers. We have also had several movies that have helped us learn more about our community and community helpers. One class is having an original playlet about our community and community helpers to conclude this unit.

Two of our rooms have gone to a farm, a ranch, the park, and a packing house on a field trip. This week the other two rooms will go on our spring trip to The Belle Glade Herald, the public library, the park, and a packing house to see some of our community helpers at work.

The Fire Department brought a fire truck to the school so we could learn something about it.

Also, the Police Department brought a police car to the school for us to examine and ask questions about.

After lunch each day we have a rest period and then story time. Usually the teacher reads the stories in the second grade classes; however, some of our students are bringing story books from home and are reading them to the class and we are all enjoying this very much. We are really proud when our children develop to that extent in reading ability. Sometimes in place of reading a story the children tell a story to the class that they have read or made up.

On other occasions a story is told and a group pantomime the story.

We are busy getting ready for our science unit now. We will study about the weather, seasons, sky, earth, seeds and plants, tools and machines. We will get to do some experiments which we always enjoy.

BC Cardinals Will Play At Punta Gorda Sunday

Belle Glade's city team, the Cardinals, have three baseball victories without defeat as they look forward to a contest at Punta Gorda Sunday.

Easter Sunday the Cards stopped the Ft. Lauderdale Clowns 1-0 with Alphonso Walker getting the win. Two weeks ago Walker got credit for a win over Ft. Myers Jets 8-2 although Officer Davis pitched the last two innings. Johnny Harrison hit a homer in that contest.

Against Hope Sound last Sunday Walker posted his third win and Ben McCoy hit a homer to help the Cards win 5-2.

Bobcats Are 2-0 In Baseball Race

Lake Shore High School faced Delray yesterday in a baseball game and visit Ft. Pierce Friday after a win and a called game during the past week.

The Bobcats' game with Harlem Academy of Clewiston was called for darkness after the seventh inning Friday.

with the score 11-11. Willie Williams was on the mound. The game will be rescheduled later, Coach Ben McCoy said.

L. J. Jordan got three positive Monday as the Bobcats stopped Clewiston in another regular season game 12-9. Albert Johnson replaced starting pitcher Williams in the third inning, got credit for the win. Eddie Coleman hit the only home run for the Bobcats.

Johns batted five and walked two after Williams walked nine and struck out two. The

Bobcats are now 2-0 for the season and conference.

Negro Deaths

Services were held Tuesday at Washington Memorial Cemetery, Clewiston, for John Savage, 37, Pelican Lake who died natural causes last week.

Funeral arrangements are not yet complete for Leroy Williams, who died of knife wounds inflicted in a fight at The Ditch Apr. 8.

Uncle Dan From Democrat River Says

Dear Mister Editor:
 My experience with driving a car isn't too wide on account of there's too many things to go wrong with a car for a thinking man to fool with very long. If the battery ain't dead a tire is flat or the license is due or the gas tank empty or a hen is setting in the back seat and a feller don't want to disturb her. And I been around long enough to know driving a car ain't no sign you own it, you may be just renting it from the finance company. But I know more about cars than them automobile associations that is advocating a law requiring anybody who hits a "unattended vehicle" to leave a written note giving his name and address.

If a woman backs her car out from the curb on a crowded Saturday afternoon and knocks the paint off the side of the car parked to her right and the car parked to her left and may be off the back end of the car on the opposite side of the street, this new law would require her to write three notes with her name and address and leave 'em in three cars.

If I had a car and it was scraped by a woman backing out of her car, I would write a note to her to write me a note she done it, she'll take off more paint and smash her back end, doing three times as much damage as she would've done after they passed the law.

I say when a woman with two or three kids in the back seat and a cigarette needing the ashes flicked off her car starts out in the middle of the street, regardless of how many fenders she took with her, the thing that's needed is for peace and tranquility to keep her going and get her home as quick as possible with her pet and tranquility.

If I backed out and dented somebody's car, I know enough about human nature to know leaving him a note ain't going to pacify him. He's going to be as mad as a wet hen in just one direction but if he don't know who done it he'll scatter his anger in all directions at the human race in general. A note would just make him concentrate on me and he'd brood over it for months, and you know blamed well I ain't gonna pay him nothing on account of his car being parked at the wrong angle in the first place.

If they start that note-writing propaganda around here, Mister Editor, you give 'em the benefit of your editorial enlightenment on the subject.

Yours truly,
 Uncle Dan
